

Jacksonville Daily Journal

JACKSONVILLE, ILLINOIS, FRIDAY MORNING, SEPTEMBER 8, 1905.

SESSION OF GRAND ARMY BUSINESS OF ENCAMPMENT BEGINS.

**Reports of Commander-in-Chief
King and Other Officers Read
—What Has Been Accomplished
—Recommendations Made**

Denver, Sept. 7.—At the afternoon session of the Grand Army General King, commander-in-chief, delivered his address. When he came to that part referring to the Daughters of Veterans' association, the memory of the loss of his daughters recently, all members of the above association, overcame him and he sat down with tears streaming down his cheeks. The paragraph was read by Past Commander-in-Chief Wagner.

THE REPORTS.

The address of the commander in chief, John R. King of Baltimore, covered the record of the administration of the late commander in chief, William W. Blackmar, whose service, covered eleven months of the term for which he was elected.

"From the very beginning of his term, Commander in Chief Blackmar's purpose was to do all that man could to encourage the several departments, particularly those that were weakest or most remote, and so far as lay in his power, infuse new life and energy and send in their ranks, and give to them added inspiration to continue bravely and manfully in the great work they were carrying on for God and country and humanity.

"The work of the committee on pensions has been mainly devoted to urging the passage of a service pension bill. The number of certificates issued in 1905 was 18,307—more than 20,000 in excess of the year before and still more in excess of former years. The large number was due to the operation of the act of April 15, 1904, granting 12,438 original pensions and 34,549 increased pensions under the order. Since the order was issued April 15, 1904, the total number of allowances under it was 55,612, most of them, however, having been for increases. The pension roll now contains the names of 684,688 survivors of the civil war, as against 690,792 at the close of 1904. The deaths in 1905 of survivors of the civil war were 30,321.

"Vigilance must not be relaxed to prevent action by Congress in depriving office holding comrades of their well earned means of livelihood.

"The observance of the centennial of the Memorial day has become so widespread that at the present time scarcely a city, town or village can be named that does not in some manner pay tribute to the nation's honored dead. It is properly requested that the grand encampment be a little more than the war department would be willing to include in its estimate for a day and a night, and an appropriation sufficient for the erection of an amphitheatre in Arlington cemetery, and also an appropriation to put the Lincoln statue in the address on tablets in all national cemeteries.

"With an active committee at work to this end, it was safe to assume that the government will soon establish an additional soldiers' home in California.

"The Woman's Relief corps still maintains its position as the right hand of the Grand Army of the Republic. Very few enterprises are undertaken by posts that these patriotic women are not called upon for assistance, and right royally they give it.

"Indiges, as ordered by the last national encampment, he been sent to all army posts, whose addresses were furnished; but one thing more needs to be done for these noble women. It has been endeavoring for some time to secure an increase of pension. If the encampment could cause the success of the measure it would be going a long way toward paying the debt of gratitude that comrades owe to the success of the war.

"The Sons of Veterans is increasing in numbers and influence, and is unquestionably destined to play an important part in the future history of the nation and their fathers saved.

"The Daughters of Veterans by combining their influence in such an organization as the National Alliance Daughters of Veterans can accomplish much in the way of education for the children of a love for the country, and a loyal devotion to the flag as the emblem of national unity and the rights of man. The report of John R. King as senior vice commander in chief contained the following:

"The time is passing when we can hope for a material increase in our membership, year after year, as has been the case in the past. The number of survivors of the civil war is decreasing, and the number of the old soldiers is decreasing. The number of the old soldiers is decreasing. The number of the old soldiers is decreasing.

Adjutant General J. E. Gilman stated that in his report that the membership June 30, 1905, was 223,455. The deaths during the year were 5,125. The net loss for the year was 14,885. The number under suspension June 30, was 15,553. The total expenditure for the year was \$68,683. Speaking of General Blackmar, the adjutant general said: "His virtues were many, and his faults were few. He was the noblest type of a free born American."

Inspector General Leo S. Estelle reported that there were 12,554 members in the national home, and 13,741 in the state home. State laws, he said, giving ex-soldiers preference in public employment, seem to be more ornamental than useful, and are not enforced. He hoped the laws making games, horse races, etc., on Memorial day, would not become a dead letter.

Allen C. Bakewell, chief aide in charge of military instruction and patriotic instruction in schools, reported that the teaching of patriotism to the pupils of the schools has become vastly more general through the co-operation of posts, the assistance of department commanders, the support of superintendents of public

TURBULENT JAPANESE

**SERIOUS RIOTING TAKES
PLACE AT TOKIO**

**Ten Christian Churches and a
Mission School House Burned
by Mob—Harriman Party Have
an Exciting Experience.**

Tokio, Sept. 7.—A mob burned and destroyed ten Christian churches and one mission school house Wednesday night. The people were not injured. Serious rioting followed the attack Thursday on the office of the Kokumin Shimbun, the government organ. A mob attacked and burned the official residence of the minister of home affairs and threatening demonstrations occurred in the neighborhood of the official homes of Premier Katsura and Baron Komura, but the police succeeded in preventing injury to the occupants or damage to the houses. All police reserves are performing urgent duty and heavily guarding danger spots.

Shortly after midnight another attempt was made against the Kokumin Shimbun office, but the police dispersed the attackers, killing one of the assailants. Detachments of national troops mobilized on account of the war were called out during the night. The crowds received the soldiers good naturedly and cheered them. The anger of the crowds was chiefly on account of the closing of Hibi Ya park and denial of the right to publicly meet in the park. It is impossible to secure accurate figures of casualties.

MARTIAL LAW.

Tokio, Sept. 6.—(Delayed.)—An imperial ordinance establishes martial law in Tokyo.

PRESIDENT ADVISED.

Oyster Bay, N. Y., Sept. 7.—Not until late this evening did the president learn of the serious disturbances in Tokyo. The information was in the form of a dispatch to the Associated Press. He expressed concern over the situation that had developed over the riots, but had no comments to make on them.

Thus far, it is said, officially no advice has been received from Minister Griscom at Tokyo or from any other official source in Japan regarding the anti-peace demonstrations.

Exciting Time

Harriman Party Now in Tokio

Protected by Soldiers.

Tokio, Sept. 7.—The Harriman party had an exciting experience Tuesday night while going and returning from a dinner given by Baron Sone, minister of finance.

Dr. W. C. Lyle and J. C. McKnight were caught in a crowd on their way to the dinner and stoned, Lyle being slightly hurt. After the dinner was over a detachment of soldiers escorted the party to the legation. Crowds hooted and jeered soldiers escorting the Harriman party. Troops with fixed bayonets charged the crowd, cleared the street and guarded the American legation throughout the night.

A dinner planned for Wednesday night in honor of the Harriman party did not take place owing to the disturbed condition of the city.

New York, Sept. 7.—Baron Komura after reading the Associated Press dispatches telling of riots in Tokyo and the experience of the Harriman party immediately endeavored to reach Secretary of State Root. Mr. Sato said: "Komura is extremely desirous of seeing Root at once." What purpose the baron had, Sato would not say.

DENIAL BY KOMURA.

New York, Sept. 7.—Komura to day denied emphatically the rumor the emperor of Japan had not yet given his approval to the peace treaty or that the powers of the Japanese plenipotentiaries were so limited there was at this late hour still a possibility the emperor would fail to ratify the treaty. "The present disturbances in Tokyo," he said, "cannot in the slightest degree influence the emperor's determination to ratify the treaty when he receives an official copy of it."

Komura reiterated his opinion that the disturbances in Tokyo were directed against local branches of the government.

SAILED WITH PEACE TREATY.

New York, Sept. 7.—Carrying a copy of the peace treaty signed at Portsmouth to the emperor of Russia Prof. F. De Martens, legal advisor of the Russian peace commission, sailed on the steamer La Lorraine for Havre to day. When presented for a copy of the treaty, he declared no one but the emperors of Russia and Japan would see it.

BURNED BY MOB.

Waxahatche, Tex., Sept. 7.—Steve Davis, a negro who confessed to assaulting Mrs. B. P. Norris last Saturday night, was burned by a mob to night. He confessed the crime.

ESTABLISH COTTON PRICE.

Asheville, N. C., Sept. 7.—The Southern Cotton association in convention to night established a minimum price of 11 cents for the incoming cotton crop.

AVOID FRICTION

**Russia Determined to Carry
Peace Treaty Into Effect in
Spirit of Fairness.**

St. Petersburg, Sept. 7.—Russia is determined that the work already commenced in administrative circles toward putting into effect the peace treaty shall be carried on in a spirit of fairness and equity and with a desire to avoid all possible friction or misunderstanding. This work includes a new treaty of commerce between the two countries, establishment of a line dividing Sakhalin, definition of the Manchurian frontier, cessation of Russian privileges in Manchuria, a working agreement whereby through trains may pass from the Russian to the Japanese section of the railroad, arrangement of freight and passenger rates, return of Japanese prisoners to Russia and vice versa, payment for maintenance of the same by each country, etc.

Resumption of actual diplomatic relations between the two countries will greatly facilitate these works and personal relations can be resumed immediately after the exchange of telegraphic notifications from St. Petersburg and Tokyo of ratification of the treaty.

CHAINED TO A TREE

Harsh Treatment of Fever Suspect Who Attempted to Run the Quarantine.

New Orleans, Sept. 7.—Fever report up to 6 p. m.:
New cases, 35.
Total cases, 2,177.
Deaths, 6.
Total deaths, 364.

Although deaths from fever to day exceeded those of the day before, the excess was so small that the report both as to new cases and deaths was considered of a most hopeful character.

A remarkable case that came to light to day as that of chaining of a negro to a pine tree on the outskirts of Pass Christian in fear that he might spread infection. The negro had been working in Gulfport and when he reached Pass Christian attempted to run the quarantine. He was arrested. The authorities, fearing he was infected, refused to place him in jail and there being no detention camp, he was secured with a chain and the chain was bolted to a tree. Since then a tent has been provided for him.

GERMAN MEAT FAMINE.

Berlin, Sept. 7.—The Berlin town council after a heated discussion of the meat famine unanimously resolved to call a convention of representatives of all German cities for the purpose of protesting against refusal of the government to open frontiers to free importation of food animals.

UNITED TYPOTHETA.

Niagara Falls, N. Y., Sept. 7.—The United Typothetae to day unanimously adopted a resolution by which its members pledge to resist any movement on the part of the International Typographical union to bring about an eight-hour day and declares for the open shop and against the union label. The Typothetae elected G. H. Ellis, of Boston, president.

RACES AT HARTFORD

Sport of the Day Furnished by 2:12 Trot—Five Close and Exciting Heat.

Hartford, Conn., Sept. 7.—The 2:12 trot furnished sport at the Charter Oak Grand circuit meet to day, all horses in the five heats being hunched and finishes close and exciting. Harrison Wilkes, the favorite, won the race. Summaries:

2:12 trot, three in five, \$1,000 (seven starters):
Harrison Wilkes.....3 2 1 1 1
Gold Dust Maid.....2 1 7 2 2
El Mirage.....1 7 5 3 4
Best time—2:14.

Hartford Futurity, two in three, pacing, division purse, \$2,500 (four starters):
Miss Adell.....1 1 1 1 1
Countess at Law.....2 1 2 2 2
Easter Lily and Bonnolet were disqualified.
Best time—2:19.

The Hartford Futurity trot, division purse, \$5,500, two in three (seven starters):
Bonvoyage.....1 1 1 1 1
Phantom.....2 1 2 2 2
Silence.....3 2 3 3 3
Best time—2:12.

Nutmeg stakes, 2:14 trot, three in five, \$2,000 (six starters):
Kid Shay.....1 1 1 1 1
Swift B.....2 2 3 3 3
Turley.....3 3 2 2 2
Best time—2:04.

2:10 pace, three in five, \$1,000 (nine starters):
Stein.....3 4 1 1 1
Bon F.....1 1 3 7 6
Texas Roker.....5 1 9 4 2
Best time—2:08.

RACES AT ST. PAUL.

St. Paul, Minn., Sept. 7.—State fair race results:
2:15 trot, \$1,000—King Airy won. Exalted won the first heat. Best time, 2:12.

2:25 pace, \$1,000—Ed Patch won in straight heat. Best time, 2:11.

POSTAL CLERKS HAVE TROUBLE

**CONVENTION SPLITS IN
TWO FACTIONS**

Officers of Letter Carriers' Association Accused of Dishonesty—Heated Debate Broken by Recess of Convention.

Cedar Rapids, Iowa, Sept. 7.—The national convention of postoffice clerks split in two factions this afternoon when delegates from fifty-five branches withdrew from the hall, some snatching off badges of the association and tramping them under foot as they left. The chief critics to halt were St. Louis, Detroit, Cincinnati, Dayton, Louisville, Nashville, Cedar Rapids, Omaha, Tacoma and Utica. It is said Boston also agreed to withdraw, but failed to keep her promise.

The minority introduced a set of resolutions declaring the election of officers illegal. After acrimonious debate those were tabled and the sponsors left the convention. The "rump" convention will elect a new set of officers.

The majority convention adjourned to meet at Savannah next year.

The bolters to night elected:
President—Martin A. Desmond, St. Louis.

Secretary—John F. Henley, Cleveland.
Treasurer—D. L. Mitchell, Cedar Rapids.

LETTER CARRIERS.

Portland, Ore., Sept. 7.—Charges of dishonesty against officers of the association precipitated a fight in the convention of the National Letter Carriers' association to day. Delegate John Hemmerdick stated that he resigned from the executive committee for this reason and made charges that papers of an incriminating nature had been stolen from his grip between Vancouver, B. C., and Portland while he was enroute to this city to attend the convention.

President Keller replied that the charges against Secretary Cantwell of the association were unfounded and disgraceful and that his administration had been honest. Keller stated that because of the charges he would withdraw his name as a candidate for the presidency. A heated debate followed and discussion was broken by a recess.

The convention unanimously refused to consider affiliation with the American Federation of Labor.

USE AUTOMOBILES

Strike of Drivers Does Not Interfere With Delivery of Mail.

New York, Sept. 7.—United States mail delivery wagons, whose operations in the great business and hotel center of the city between the battery and Forty-second street were interfered with by a strike of three hundred New York Mail company's drivers last night, were in partial operation only to day. Assistant Postmaster Morgan said the strike had not interfered with rapid handling of first-class matter. Automobiles and other vehicles are conveying mail between the postoffice and railroad stations without delay.

BODIES WASHED ASHORE.

Cleveland, Ohio, Sept. 7.—Hawgood & Co., owners of the steamer Isosco, which foundered in a recent heavy storm on Lake Superior, received a telegram from Marquette, Mich., saying the bodies of four men and one woman had been washed ashore at Pine River with life preservers attached to them bearing the name "Isosco." The woman is believed to have been the wife of the cook of the Isosco. The steamer carried a crew of nineteen persons, all of whom undoubtedly perished.

REACHED AGREEMENT.

Springfield, Sept. 7.—As a result of an all-day session between the operators' committee of the Chicago and Alton district and executive board of the United Mine Workers of Illinois, an agreement was reached to night, which is victory for the operators, and 1,800 miners who have been idle since July 1, when the shot-firers' bill went into effect, will return to work next week. The operators contended miners in six-foot vein machine mines could fire shots with less than two pounds of powder and that shot firers were therefore not needed, while the miners contended such firing could not be done. Experiments made under joint supervision of the committee resulted in favor of the operators' contention.

CONFERENCE ADJOURNS.

Karlstad, Sweden, Sept. 7.—The conference of delegates appointed to discuss dissolution of the union of Norway and Sweden adjourned to day until Sept. 13 to enable delegates to confer with their governments. The result of their deliberations is very uncertain.

WORKMEN KILLED.

Pittsburg, Sept. 7.—A fast passenger train on the Pennsylvania railroad ran into a party of five workmen at Homewood station near here early to day. Two men were killed outright and the others seriously injured.

PENSION FIGURES

**Synopsis of Annual Report of
Commissioner Warner—Roll
Now Below Million Mark**

Washington, Sept. 7.—The pension roll reached the maximum number in its history Jan. 21 last, the number being 1,004,196. The roll passed the million mark in September last year and gradually increased for the next four months. The decline began with the first of February and by the following May had dropped below the million mark.

These facts are developed in a synopsis of the annual report of Pension Commissioner Warner for the fiscal year ending June 30 last. At the end of the year the number of pensioners had declined to 988,411, a net increase for the year of 3,679. During the year the bureau issued 185,212 pension certificates, over 50,000 being originals. The amount required to pay the pensioners on the roll for one year was \$136,745,295. During the year 43,838 pensioners were dropped from the roll by reason of death, of whom 30,321 were survivors of the civil war. June 30 last the roll contained the names of 684,688 survivors of the civil war, a decrease of over 6,000 from the previous year. Total amount disbursed for pensions for the fiscal year, \$111,142,801, of which \$1,107,106 was for navy pensions, \$3,409,998 was paid pensioners of the Spanish war, \$133,022,170 to survivors of the civil war, their widows and dependents. Total amount paid Spanish war pensioners since 1895, \$11,206,193. Total paid for pensions since the foundation of the government, \$3,320,800,022. Of this \$3,144,265,406 has been paid on account of the civil war.

The total number of claims allowed, original and increase, under order No. 78, known as "the age order," since that order went into effect, April 13, 1904, to June 30, 1905, is 65,612.

AFFAIRS IN BAKU

Thousands Killed and Wounded During Attack on Military Camp.

St. Petersburg, Sept. 7.—The desperate condition of affairs at Baku is shown by a telegram from the governor of Baku, who sent an urgent dispatch to Tiflis saying his troops were surrounded by Tartars and will inevitably be overwhelmed unless immediately relieved.

Baku, Sept. 7.—The principal fighting is not in Baku itself, but at Balakhani, where hundreds have been shot by infantry and artillery and where thousands were killed or wounded during a desperate attack on a military camp and provision depots. Troops sustained few casualties.

Tiflis, Sept. 7.—The manager of the Mantashoff company telegraphs from Baku that the Bilibet plants have been burned out, depots of the Caspian company destroyed, and that Christian workers are surrounded by thousands of armed Tartars.

ENTERTAIN RUSSIANS.

New York, Sept. 7.—Col. George Harvey entertained at dinner to night at the Metropolitan club the Russian peace envoys, Witte and Rosen, members of their suites and a company of men distinguished in different walks of life. Witte was the first speaker and proposed the health of President Roosevelt and "to the prosperity of the great and marvelous American people, who are so admirably personified in the president." Colonel Harvey proposed the health of the Russian emperor. Rosen made a brief address, giving his personal estimate of Emperor Nicholas. Secretary Root spoke briefly. He congratulated the envoys on the success of their mission.

HOME FOR CONSUMPTIVES.

Portland, Ore., Sept. 7.—A home for members of the Letter Carriers' association, who may become victims of consumption will be erected at Colorado Springs, the people of that city having donated a site of 100 acres of land.

PEACE THANKSGIVING.

St. Petersburg, Sept. 7.—Thanksgiving service commemorative of conclusion of peace was celebrated at Peterhof this afternoon in the presence of Emperor Nicholas and state dignitaries.

MOROCCO YIELDS.

Paris, Sept. 7.—A dispatch to the foreign office from the French minister to Morocco announces the Moroccan government has yielded to French demands and given complete satisfaction. The foreign office says reputation is complete and the incident closed.

KILLED IN COLLISION.

Paducah, Ky., Sept. 7.—A head-on collision of two freight trains occurred early to day twenty-five miles below Paducah, in Tennessee. One man was killed and three others are missing. The latter are believed to be under the wrecking.

LIFE SAVER KILLED.

Algonica, Mich., Sept. 7.—While trying to save the life of Martin Lebou, one of his employees who had grasped a "live" wire, Manager Howie of the Howie-Horfolk company,etroit, was killed himself to day. Lebou was saved.

INSURANCE INVESTIGATION

**LOOK INTO AFFAIRS OF
EQUITABLE AND MUTUAL**

Nothing New Particularly Developed—Whereabouts of Former Comptroller of Equitable Unknown.

New York, Sept. 7.—Affairs of the Equitable Life Assurance society and Mutual Life Insurance company held attention to day of the legislative life insurance investigating committee. Nothing particularly new was developed in regard to the Equitable other than the statement drawn from one of the officers that the society does not know the present whereabouts of Thomas D. Jordan, former comptroller. It was stated Jordan was wanted as a witness to explain the loan of \$365,000 made to the Equitable by the Mercantile Trust company.

Inquiry into the Mutual company was begun. Testimony drawn from an officer of this company showed the Mutual controls many trust companies. On deposit with these companies the insurance company keeps hundreds of thousands of dollars against which it does not draw. It was explained prosperity of the trust companies meant prosperity of the insurance company. Insurance deposits draw 2 per cent interest and trust companies pay as high as 20 per cent dividends on a par value of stock or 5 per cent on the market value.

Frederick Croftwell, treasurer of the Mutual, said the company had bought securities from syndicates; that officers of the company also bought securities from syndicates and received individual profits by selling these bonds to the company. He did not see that there was any impropriety in officers going into the syndicates when the company had gone in first.

FATAL COLLISION

Two Trainmen Killed and Thirty Persons Injured.

Newcastle, Pa., Sept. 7.—Engineer Mackray and Fireman Cannon were to day killed and thirty persons injured, several seriously, when an excursion train on the Pennsylvania road, bound from this city to Stoneboro, collided head-on with a regular southbound passenger train seven miles north of this city. The excursion train was running wild and it is said the Wilmington Junction operator had no orders to hold the regular train. Nearly all the killed and wounded were residents of Newcastle or towns in this vicinity.

THE WRONG MAN.

Peoria, Sept. 7.—After travelling for over six thousand miles following clues for Albert Gladford, who murdered his wife here in April, 1904, Detective Kinnans has returned empty handed. What was supposed to be positive evidence that Gladford was a prisoner in Baker City, Ore., led the officer into that state. The prisoner corresponded almost identically, but proved to be the wrong man.

**We Keep You
at an
Even Temperature**

We dispense both hot and cold stuff—summer's and winter's comforts—and endeavor to keep you at an even temperature the year around.

Right now, during this between-season weather, you need both coal and ice; a fire is very agreeable these cool mornings, but warm weather is not yet over.

This is the season of the year to lay in your winter's supply of coal—then you will be ready for winter when it does set in and won't be inconvenienced by a sudden cold wave.

Pure lake ice and ideal coal are the summer and winter commodities you'll find to ever give satisfaction.

There is a pleasure in dealing in articles which you can back up with a right guarantee. It is our policy to always conduct our business along these lines.

ILLINOIS NEWS ITEMS

Special Officer Charged With Felony—Silk Thief at Quincy—Virginia Pastor Has Resigned.

SPARROW ARRESTED.
Clarence Sparrow of Delevan was lodged in jail Thursday. He is charged with a felony, it being alleged that he gave Edward Fisk, who killed Bert Green at the Delevan fair grounds last Saturday morning, his gun, hat and coat in order that Fisk might impersonate an officer. Sparrow was a special police officer on the fair grounds, and he was with Edward Fisk and Frank Wiseman when the killing of Green took place. Wiseman, alias Stone, told Sheriff Clay today that he Fisk and Sparrow had been lying on the grass at the fair grounds in Delevan for an hour or so Friday night, and all were drinking whisky. They talked of going over and trying to scare Green off the grounds. They all walked toward the tent, but Sparrow stayed back some distance while he and Fisk went to the tent. When he and Fisk went back the second time, Fisk had on Sparrow's coat, hat and revolver, and it was this pistol that Fisk used when he fired the shot that killed Green.

VIRGINIA PASTOR RESIGNS.
Rev. John W. Carpenter has tendered his resignation as pastor of the Church of Christ in Virginia, and is contemplating the acceptance of a similar charge at Decatur, Ill.

WATERS ARRESTED.
Thomas Waters, the young negro who fired a shot gun into the home of John Girard, also colored, in Clinton, killing Mrs. Alexander Jackson and Lydia Grant, both white, was captured Thursday. After doing his dastardly deed he went to his mother's home and hid in an old house used for sheltering hogs. The hired man went into the yard to feed the hogs and saw him. The alarm was given and officers soon arrived and placed Waters under arrest.

COMING TO ILLINOIS.
Posey county, Indiana, has nearly 1,100 acres on the "Illinois side" of Wabash river—the London Island, two miles below Little Churn, recently bought by Charles Greenhouse. The island was formed many years ago by the Black cut-off, a mile long, the old river some six or seven miles around having since practically filled up and attached the land solidly to Illinois at the north end. The same thing is slowly but surely happening in the river around Ribeye Island here, cutting off 3,000 acres; the cut-off is already the real river, though the old channel does not yet become quite dry at low water.

QUINCY SILK THIEVES.
Quincy authorities are convinced there was a movement on foot for a wholesale robbery of dry goods stores in that city. Sometime ago the DeLancey Garment Co. was robbed of about \$1,000 worth of silks and Monday night \$400 worth was stolen from the T. L. Fox Co. The police found a diagram of every dry goods house in the city, and are convinced it was lost by the thieves.

A PORTLAND CITIZEN.
Many persons will remember B. C. Mathews, a former student of Illinois college and resident of this city. Some years ago he removed to Portland, Ore., and is now one of the influential and leading business men and prominent citizens of the thriving metropolis of the far western state. Mr. Mathews married a sister of Abram Wood of this city and they are enjoying a visit from Mrs. Mathews' brother William, of Virginia. During a recent visit of a number of Jacksonville people in Portland, Mr. Mathews showed them every possible courtesy and was of great advantage to them in many ways, and his kindness they will never forget.

SIXTIETH BIRTHDAY.
Mr. and Mrs. John Pecker, of East Independence avenue, entertained a number of friends at dinner Thursday in honor of the sixtieth birthday anniversary of Mr. Pecker. An excellent dinner was served and was greatly enjoyed by all the guests. The afternoon was then spent pleasantly in a social way, and Mr. and Mrs. Pecker were presented with a number of handsome presents.

Those who enjoyed this occasion were: Mr. and Mrs. Birkenhead, Mrs. A. J. Wyatt, Mrs. R. Runkel, Miss Mary Sullivan, Miss Etta Decker, Mrs. E. Cannon and Mr. and Mrs. C. C. Carter.

DOCTORS COULD NOT HELP HER.
"I had kidney trouble for years," writes Mrs. Raymond Conner, of El Centro, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." Sold by J. A. Obermeyer, City Drug Store.

Gates Strawn to George H. Seurlock, metes and bounds; \$1,320.

LICENSED TO MARRY.
Milton M. Morris, Franklin; Mrs. Lena Morris, Franklin.

RAILROAD NEWS NOTES

Jerseyville Crossing Wreck Causing Considerable Controversy—Alton Abandons Use of Wireless System on Limited—Items of Interest.

It was announced recently that the Alton would abandon the wireless telegraphy on the Alton Limited and that the attachments would not be given as first announced. The tests on the former Limited were highly satisfactory, but there appeared to be no real demand for such a service owing to the frequent stops made by the train. The stops are but an hour apart on the average and patrons, as a rule, find these intervals short enough in case they wish to send a message via the usual channels. The added expense of the wireless, probably would not appeal to the patrons in view of the short time saved. On the ocean the situation is vastly different and the wireless has come to stay on the water. The company may, however, take up the service later. The Big Four is said to be considering the adoption of the wireless.

—(c)—

Officials of the Chicago & Alton and officials of the Chicago, Peoria & St. Louis railroads and the trainmen involved in the accident Sunday, when a train on each of these roads met the other on the Jerseyville crossing, a bad wreck resulting, were in conference recently. The meeting was in the nature of an investigation to enquire into the causes of the wreck and endeavor to fix the responsibility. There is a fine point involved in this matter which makes it difficult to determine just who would be to blame. If either engineer heard the signal of the other and other things were equal, it may call for an investigation from the board of railway commissioners to ascertain how such a thing could happen. Already there is a demand at that point for an interlocking plant at the crossing, or other adequate means of protection. The fact that the engines struck the crossing at the same instant would indicate that the two trains stopped and gave their signals at about the same time, unless it can be shown that one of the trains did not stop at all. Engineer Strunk is a veteran in the business and it is stated that the engineer of the C. P. & St. L. train has also seen long years of service, and both were noted as exceptionally careful men.

—(c)—

L. W. Berry, of Beardstown, division superintendent of the Burlington, was in the city Thursday on company business.

—(c)—

H. W. Crawford, of Rock Island, division freight agent of the Burlington, was a caller in the city yesterday.

—(c)—

R. Fraser, who was conductor on the Burlington passenger trains through this city for some time, has received the appointment of trainmaster to succeed W. A. Card, who will go to Chicago as superintendent of the terminals.

—(c)—

A special train passed through the city on the Wabash Thursday afternoon in charge of Conductor Knox, enroute to Quincy. This train is for the purpose of running an excursion in Quincy to Griggsville to day.

WILLIAM R. ROUTT,

Generous Donor to the Cause of Education and Founder of Routt College, Whose Doors were Opened to Students Thursday.

ILLINOIS M. E. CONFERENCE

Eighty Second Annual Gathering to be Held at Farmer City.

For the eighty-second time Illinois conference of the Methodist church will assemble Sept. 20. The gathering for 1905 is to be held at Farmer City, DeWitt county, a city of about 2,000, and the outlook appears to be that it will be taxed to its utmost to accommodate the big crowd of visitors expected.

Illinois conference is the largest like body in the Methodist church organization and includes the territory from a point opposite Keokuk, Ia., entirely across Illinois and south to the line of the Southern Illinois conference. Within its limits are nine districts, each in charge of a presiding elder; has 400 preachers on its rolls with church property valued at \$2,396,800 and a membership of 70,000. Last year there were paid as salaries to ministers \$109,521. There are also 14,000 members of the Epworth league.

This year's meeting of the conference will be held in a fine church, the congregation of Farmer city erected in 1898 at a cost of \$20,000. Preparatory to the meeting \$1,500 is being expended on a new organ, new carpets, plumbing and additional electric lights. Rev. R. H. Shutt is the pastor and there are 350 members and in many ways it is a strong church. The members have undertaken to provide board and lodging for the clergymen attending the meeting, but the laymen will have to look out for themselves.

Bishop Earl Cranston will preside. The bishop is 65 years of age and a native of Ohio and one of the best known dignitaries of the church. In 1861 he was graduated from the Ohio state university and celebrated the end of his collegiate days by enlisting in the army and was promoted to the captaincy. After doing his share of work in putting down the rebellion he rested for a couple of years, and in 1867 entered the ministry. From

1881 to 1896 he was publishing agent of the church, in the latter year being elected bishop. During the years from 1898 to 1900 he visited China, Japan and Korea in the discharge of his episcopal duties.

Included in the Illinois conference with its nine districts are the Wesleyan university at Bloomington, the Illinois Woman's college at Jacksonville and the Chaddock Boys' school at Quincy.

The published program contains the names of some of the brightest men in the ranks of Methodism as billed to deliver addresses. Morning sessions will be devoted to the business of the conference, while the afternoons are to be given up largely to celebration of anniversaries, such as those of the Women's Home Missionary society, the Epworth league, etc.

Song service during the sessions of the conference will be held by Prof. Bell of Chicago. Rev. N. M. Tigg of Mt. Sterling and his male quartette will lead the singing at the street services.

CHICKEN AND FISH FRY.

An all day chicken and fish fry was held on the lawn of the M. P. church in Concord Thursday. Despite the gloomy weather there was a good attendance and in the evening an entertainment was given in the church which added much to the pleasure of the occasion.

INDUSTRIAL SCHOOL.

The children of the industrial school are urged to meet the ladies of the Christian association at their rooms Saturday morning at 9:30 o'clock. All will be given a warm welcome, and are urged to be present.

NOTICE.

From this date the price of coke will be 9 cents per bushel for furnace coke and 11 cents for crushed coke suitable for base burner. Leave orders at Gas office, 224 South Main St.

TEACHERS, NOTICE!

There will be a general meeting of the teachers of the city schools in the high school building, Saturday at 2 p. m.

Foley's Kidney Cure makes the diseased kidneys sound so they will eliminate the poisons from the blood. Sold by J. A. Obermeyer, City Drug Store.

Christian church undertake anything
they succeed, both from a culinary
standpoint and from a financial one
also, and such was the case with the
chicken fry announced for Thursday
evening. The inclement weather
made it undesirable to have the af-
fair in Duncan park, so it was
changed to the church, and the only
drawback was the inability to ac-
commodate promptly the large num-
ber who wished to have supper, but
it was unavoidable, for the room is
bounded by four immovable walls
and will admit tables of a certain
length and no more; but the people
who had to wait for second table
were quite good natured about it
and all were finally served and served
well, too, as a matter of course, as a
gentleman leaving the table remark-
ed that such a supper wouldn't leave
the ladies much profit. Everything
passed off pleasantly and a good
sum was realized for the cause.WANTED—Girls in our wrapping
department. Apply immediately.

BUSY SESSION OF COUNCIL

WATER QUESTION DISCUSSED AT LENGTH—SUPPLY IS LOW

Objectors to Pavement on East State Street Filed Petition—Burlington Franchise Ordinance Laid Over—Office of Public Inspector Created—Other Business Transacted.

Important business was transacted at the meeting of the city council Thursday evening. The matter of the retopping or repaving of East State street from the square to Clay avenue came up in the form of a petition from a number of property holders objecting to the proposed improvement. The objectors were represented by Attorney J. O. Priest, who addressed the council and gave it as his opinion that it was not legal to make the contemplated improvement without a petition from the property owners affected, involving half or more of the persons interested. His opinion was contrary to the opinion of the city attorney, who stated that the law was plain, giving the right to the city council to pass upon such matters. Into this discussion was injected the question of adequate sewer facilities for East State street, there being no sewer on the street from the square to the city limits. The residents west of the railroad were fairly well provided for in this respect, but residents east of the railroad wanted provision made for them when a new pavement was to be laid. Messrs. Batz and Matthews, who own property within the part proposed to be improved, were also anxious that some provision should be made to care for their property with adequate sewer facilities in the event the street was repaved. Mr. Batz appeared before the council relative to the same. The matter finally went over and was referred to the board of local improvements, public engineer and sewer committee, with power to act.

Major McDougall appeared before the council asking permission to use water at his ice plant and made a statement regarding the hardship worked by the shutting off of water at his plant at this time. He asked that he might have the use of the water for at least two months. This brought up the question of the water situation and the present severity for either public or private uses. A general discussion followed. Several propositions were advanced. One involved the shutting off of water in private residences, but this plan found little favor. Another plan proposed was to treat all enterprises, public and private, alike and let them have water as long as the supply lasted. It was shown that the recent rains had proved of but little help and that the lake was continuing to go down at the rate of about two inches a day; that there was at the lake now only about twenty-four inches of water remaining for available purposes, notwithstanding that after the use of that much more water there would still be water in the lake. It was proposed to refer the petition of Major McDougall to the mayor, water superintendent and water committee, but as their recommendation had been concurred in by the council suggesting the shutting off of water for street sprinkling purposes and the shutting off of water to the two ice plants, Major McDougall asked that the matter be settled by the council. The mayor was of the opinion that the council ought to act at once in the premises. After a number of motions it was declared to adhere to the policy adopted at the recent special meeting of the council, and the request of Mr. McDougall was denied.

The 'Burlington' franchise ordinance was next read. It provided for the granting of a franchise to the road permitting them to build tracks and switches from a point on East State street, crossing said street and running in a southeasterly direction and crossing East College avenue, Routt street and the intervening alleys, thence to the city limits; the crossings at East College avenue and Routt street to have subways, and right granted for the building of a spur across East State street, running west of the present passenger station of the Burlington, the purpose of such spur to be used as a siding for freight traffic that would admit of access to a proposed new freight house the company has in contemplation just south of the present passenger station, and a little west of Profiles, etc., which were made a part of the ordinance, were introduced. The same were examined. On motion, however, the ordinance was laid over. It is understood that if the ordinance was passed the Burlington would take care of the Alton at the East College avenue joint crossing and the council would be asked to compel the Alton at the Routt street crossing to meet the requirements imposed upon the Burlington and compel both roads to build subways over this street.

An ordinance carrying the emergency clause was passed creating the office of a public inspector, at a salary of \$900 per annum, whose du-

ties should be the supervision of the laying of all sidewalks, pavements, sewers, housemoving, etc., and who should also exercise supervision over weights and measures. The ordinance was drafted by City Clerk Stewart, who spoke of the imperative need of such an officer.

The clerk read a communication from the mayor regarding the garbage question and the matter was referred to the sanitary committee.

The Morton avenue pavement was accepted, all properly approved bills against the city paid and other business of minor importance transacted.

THE PROCEEDINGS.

The city council met in regular session Thursday evening with Mayor John R. Davis in the chair and all members present.

The minutes of the last regular and special meetings were read and approved.

The clerk read a petition asking permission to lay a brick sidewalk by D. Spencer, Granted.

The clerk read a petition asking permission to lay a sidewalk on East Morton avenue, by Frank Dresser. Granted.

The clerk read a petition asking permission to build a concrete sidewalk on South East street by C. A. Osborne. Granted.

The clerk read a petition asking for permission to lay a brick sidewalk by J. M. Black, of East Chambers street. Granted.

The clerk read a petition asking permission to lay a brick sidewalk at southeast corner of the square by Hoffman Bros. Granted.

The clerk read a petition from property owners, asking to have the C. & A. and Burlington railroads construct a subway at the Routt street crossing.

Ald. Kennedy, seconded by Ald. Cobb, moved that the petition lay over. Same carried.

The clerk read a petition from property owners interested, asking to have the grade raised at the East College avenue crossing, provided a subway is put in by the Alton and Burlington roads.

Ald. Ticknor, seconded by Ald. Cobb, moved granting the petition.

Ald. Higgins, seconded by Ald. Cobb, moved petition be laid over to be acted upon at the same time as the ordinance. Same carried, and motion as amended carried.

OBJECT TO PAVEMENT.

The clerk read a petition from property owners residing on East State street, from the square to Illinois avenue, objecting to the retopping of said street on the ground action in the premises had not been taken according to law, and that a petition signed by a majority or one-half of the property owners had not been presented by property owners on said street.

Ald. Kennedy wanted the law read in regard to repaving or retopping street pavements, and asked to have the city attorney explain the law governing the subject.

Ald. Ticknor, Ald. Cobb and Ald. Hildreth thought the improvement was greatly needed, in fact, was almost imperative.

The question of a sewer was raised by Ald. Ticknor.

The mayor stated that before a new pavement was laid a new sewer ought to be laid, and stated that arrangements had been entered into with the property owners on the street whereby it was thought that the matter of both pavement and sewer could be adjusted, through an agreement between the property owners, but that obstacles had arisen that seemed likely to prevent the same.

Attorney Priest, in behalf of the objectors, asked permission to amend the petition as presented, changing the objection to read "from the square to Clay avenue," instead of "from the square to Illinois avenue," as it had appeared in consulting the city engineer, that the improvement contemplated was from the square to Illinois avenue.

Attorney Priest further stated it was his opinion that there was no law giving the power to city councils to order public improvements of this character without a petition from the property holders affected.

City Attorney Morrissey gave his opinion to the contrary and Attorney Priest begged leave to differ.

Ald. Kennedy stated that if the city council had the right to make these improvements, why were the property owners asked to come to a public hearing.

The mayor stated that the public hearing was simply a provision of the law.

SEWER QUESTION RAISED.

Ald. Ticknor raised the question of a sewer on East State street, and thought that provision ought to be made for a sewer before the pavement was laid.

Mr. Batz, a property owner on East State street, thought that the sewer on the street was of vital interest, and in company with Mr. Matthews he had looked into the situation and thought that for the block in which he was interested he favored having a sewer that would run down East State street and perhaps turning south on East street.

The mayor stated there was not a sewer on East State street and that he felt the board of public improvements ought to be instructed to have a public hearing for the purpose of laying a sewer the entire length of the street.

The matter was referred to the board of local improvements, sewer committee and public engineer with power to act.

GARBAGE AND TRASH.

A communication was read from the mayor, calling attention to garbage and trash thrown in the public streets and highways, and suggesting action be taken in the premises. The petition was as follows:

Jacksonville, Ill., Aug. 24, 1905.—To the Members of the City Council.—Gentlemen: I wish to call your attention to the garbage that is being thrown in alleys and on the public streets in our city. This is a question that we as a city have paid very little attention to. Almost every city has very urgent laws relative to this question. They are necessary for the benefit of the health of the community and cleanliness of the city.

There should be some practical means whereby our people could dispose of their garbage. A great many cities have a system of cans, boxes and other receptacles in their back yards. These are emptied as often as necessary for the health of the community.

This is a question in my mind of a great deal of importance and I ask that you appoint a special committee to investigate the garbage question and to devise some ways and means in the future for disposing of the same for the benefit of the cleanliness and health of our city. Yours very truly, John R. Davis, Mayor.

Ald. Johnson moved the matter be referred to the sanitary committee. Carried.

The clerk read a communication from the board of local improvements reporting the completion of the Morton avenue pavement.

Ald. Cobb, seconded by Ald. Hildreth, moved adoption of the report. Carried.

All properly approved claims against the city were read and ordered paid.

Under this head the question was raised of paying for half of the repairs on the bridge on Morton avenue, there being some controversy whether the said bridge was inside or outside of the city. The mayor stated that he had seen the bridge and that it was in a dangerous condition, and for fear that if any one was injured there a suit might be brought against the city he had gone before the county commissioners and stated that if the county would pay half of the expense of repairing the bridge, he would recommend the city pay the other half.

Considerable discussion followed and on roll call on payment of half of the bill the same carried. Aids, Capps and Kennedy voting nay.

WATER QUESTION RAISED.

Maj. C. E. McDougall appeared before the council, asking that, for reasons entered into at length, his ice plant be allowed to run for two months longer, or at least until such a length of time as the conditions became much more imperative than at the present time.

Ald. Capps was in favor of allowing the plant to run, if it could be safely done. He wanted to hear from the water superintendent.

The water superintendent reported that the supply was dangerously low at present.

Ald. Ticknor moved the matter be referred to the mayor, water superintendent and water committee.

Mr. McDougall asked that the matter be decided at once by the city council.

Ald. Haigrove, chairman of the water committee, stated that the supply was running low and that the water at the lake was running lower all the time.

The mayor stated that he felt that the matter should be decided by the council and not referred to any committee.

(Continued on Page Five.)

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be the grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever.

Nature always spares the suffering; she is a variable stereo-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and greyness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample.

City and County

Mrs. D. B. Ayers, of Springfield, is a guest at the home of Mrs. M. P. Ayers.

Arthur Rink, of Beardstown, returned home Thursday, after a pleasant visit in this city.

John A. Bellatti and family returned home Thursday from a summer visit at Harbor Point, Mich.

Miss Laura McDonald has returned home from a pleasant visit with friends in Mt. Sterling and Quincy.

Mr. and Mrs. John Barry, of Meritt, and Miss Zella Bickford, of Chapin, recently enjoyed an auto ride to Mercedosa, where they visited the fish hatchery.

WANTED—At once, good man cook to cook for 25 people on private car. State salary per month. Expenses paid. Charles Deyer, Chapin, Ill.

Mrs. Darzy Virgin, who has been visiting her aunt, Miss Mary Caldwell, of South East street, will go to Prentice to day to visit Mrs. Dewese and expects to return to her home in East St. Louis Sunday.

Miss Lillie Dimmitt will depart for Sioux City, Iowa, to take up her duties as a teacher in a college there.

Miss Etta Morey, of Monmouth, has been visiting her cousins, Mrs. T. Harber and Mrs. Emma Corrington, 241 Webster avenue.

Better than ever: Claus' 20c coffee.

Superintendent E. A. Whitman of the Illinois Children's Home and Aid society, took three boys of Mrs. Mary E. Lewis to one of the society homes Thursday. The father is dead and the mother very ill.

Dr. G. E. Serlinger will go to Pekin Sunday to preach at the reopening of the Methodist church in that city. About \$6,000 has been expended in remodeling this church, of which Dr. W. P. Mackey is pastor.

Miss Cleary will open her studio of elocution in the Hamilton building, West State street, Sept. 19th. Any one wishing to arrange for work, call Tuesdays, Fridays or Saturdays.

A. L. and A. S. Seymour, Misses Ellen and Ida Seymour and Mrs. Arisman of this city, and Mrs. Harry Yeck and daughter, Edith, attended the wedding of W. E. Seymour and Miss Hazel Gibson, in Springfield Wednesday.

W. A. Sessions, of St. Louis, is renewing his former Jacksonville acquaintances and is welcomed by many friends both of himself and the family. He says his mother, who will be remembered by many, is now in St. Louis and, though advanced in years, is in good health and enjoying life all right.

Better than ever: Claus' 20c coffee.

Mr. and Mrs. Frank Read, Jr., and daughter returned Thursday from a visit of several weeks with Mrs. Read's parents, Dr. and Mrs. Robert E. Stevenson, of Olathe, Kans. They are now located at the home of Mrs. C. A. Willis, 1430 West Lafayette avenue.

W. E. Evans, of this city, has received an invitation to the nineteenth annual reunion of the Ninth Illinois Cavalry Veterans' association, to be held in Chicago in the G. A. R. hall, Sept. 26 and 27. Mr. Evans was a member of that company.

Better than ever: Claus' 20c coffee.

C. L. Mathis and family have removed from the home so long occupied by them on Hardin avenue to the new residence recently constructed in Merrill Place. The present home has every modern convenience and will prove a pleasant place for its occupants.

T. M. Tomlinson and son Edward, Robins and Stewart Russell and Oril Johnson have returned from a fishing expedition near Mercedosa. Mr. Tomlinson looked after the boys and all had a fine time fishing and basking in the sun. The time for the return came all too soon and another similar trip will be hailed with delight. Mr. Tomlinson made a successful chaperone and all went well from start to finish.

BUSY SESSION
OF COUNCIL

(Continued from Page Four)

mittee. The lake is now down sixty-three inches, and that the city could only draw from the lake about twenty-four inches more, notwithstanding the lake would not be dry. Nevertheless, the remaining water in the lake would not be available for city uses.

At this point a desultory discussion was entered into and the conditions at the state institutions were reviewed. The Deaf and Dumb has five feet of water in their reservoir, the School for the Blind will need water from the city at least a month longer, and after that time they expect to be able to draw from the creek by means of arrangements heretofore under way. The Hospital for the Insane is depending absolutely upon the city. The question of shutting off the private residences was discussed, but this plan did not seem to find favor. It was suggested that the ice plants be allowed to run and that all be treated alike, and that the water be used as long as the supply lasted. Other suggestions were also made.

Ald. Johnson moved as an amendment to the motion of Ald. Tieknor that the ice plants be allowed to run one more week.

Ald. Hildreth moved the matter be referred to the mayor, water superintendent and chairman of the water committee to grant the privilege of running the ice plants should there be sufficient rains to warrant the use of the water.

Amendment to amendment was lost.

On question of amendment of Ald. Johnson, same was lost; Alds. Govein, Capps, Cobb, Haingrove, Hildreth, Kennedy and Tieknor voting nay.

On original motion the vote was a tie, and after two tie ballots, the mayor voted nay, declaring the motion lost.

Ald. Kennedy, seconded by Ald. Johnson, moved the ice plants be allowed to run. Motion was lost, Alds. Capps, Cobb, Govein, Haingrove, Hildreth, Kendrick and Tieknor voting no.

C. R. Lewis appeared before the council regarding the grade of property located on West North street. Same was referred to the highway committee.

PUBLIC INSPECTOR.

Ald. Cobb introduced an ordinance creating the office of public inspector, with a salary of \$900, and said officer shall enter into a bond of \$1,000. The duties of said inspector shall be the supervision of the weights and measures and of the laying of all pavements, sidewalks, sewers, etc. The ordinance carried the emergency clause and Ald. Kendrick moved adoption of the emergency clause.

City Clerk Stewart stated that he had drafted the ordinance and in his observation the same was imperative, especially in the matter of sewer permits and housewiring permits.

Ald. Kennedy wanted a penalty attached for tampering with weights and measures. Same was inserted in the ordinance.

The emergency clause carried. Ald. Hildreth moved adoption of the ordinance, and the same carried unanimously.

BURLINGTON FRANCHISE.

The clerk read the report of the mayor, the city attorney and the highway committee on the Burlington franchise ordinance, said franchise granting certain rights for tracks, switches, etc., running from East State street, across East College avenue and Routt street and the intervening alleys to the city limits; the Burlington road to build subways at East College avenue and Routt street crossings and have permission to build a spur across East State street for the purpose of building a track that will run on

the west of the present passenger depot and afford access with a proposed freight house, to be built south of the present passenger station.

Ald. Babb, seconded by Ald. Kennedy, moved the ordinance lie over. On roll call same carried, Alds. Capps, Cobb, Hildreth and Tieknor voting nay.

Comp. T adjourned.

CITY OFFICERS' REPORTS.

Report of R. W. Reid, justice of the peace, for month of August: Fines collected, \$3; city costs collected, \$1.85; J. P. costs collected, \$2.20; total, \$7.05.

Report of W. T. Dyer, justice of the peace, for month of August: Fines collected, \$3; city costs collected, \$2.15; J. P. costs collected, \$8.90; total, \$14.05.

Report of George H. Dunavan, chief of police, for month of August: Number of arrests in August, 92; males, 89; females, 3; city cases, 80; people's cases, 12. Total amount of fines and costs assessed, \$335.55; total amount collected in August in cash, \$451.10; total amount collected for August in cash, \$420.70; back fines fines collected in cash, \$31.10; collected by labor and imprisonment, \$220.65.

Report of George W. Scott, water superintendent: Received for meters sold, \$227.50; taps made, \$93; meter repairs, \$5; water rent, \$1,366.15; total, \$1,691.65.

Report of Albert W. Arenz, justice of the peace: Fines collected in August, \$223.81 2-3; city costs, \$77.15; J. P. costs, \$108.80; amount collected for jury fees, \$3; witness fees, \$3; total, \$415.05 2-3.

Report of George E. Baxter, health warden, for August: Total number of deaths, 14; males, 5; females, 9; under 1 year, 4; 5 to 20, 2; 20 to 50, 6; 50 to 70, 1; over 70, 1. No contagious diseases.

Report of Andrew Russell, city treasurer: Receipts, \$3,177; disbursements, \$3,113.47; balance, \$320.65.

Wanted—Girls in our wrapping department. Apply immediately. HOFFMAN BROS.

FOR ALL ART STUDENTS.

For the best instruction in all branches of Art, enroll at the Woman's College under Miss Knopf, whose ability as an instructor is so well known. China painting a specialty. You can arrange for one lesson a week or more. Special Saturday classes for teachers and public school students. If you want the best in art, confer with President Harker.

The term begins Sept. 13.

BASKET DINNER AND SOCIAL.

The Woman's Foreign Missionary society of Wesley Chapel held a social and basket dinner at the church parsonage, the home of Rev. C. F. Baker, Thursday. A large number were present and all had a very enjoyable time. Miss Stella Shuff gave two recitations, which were heard with pleasure. The society each year raises a sum of money for missionary purposes, and this year the amount raised was \$150.

ANTIOCH.

There will be service at the church Sunday. Sunday school at 10 a. m.; service at 11 a. m., subject: "For His Sake."

The Ladies' Aid society will meet at the home of Mrs. Williams Wednesday, Sept. 13.

On Sunday, the 17th, the annual offering for church extension will be taken. Henry Genders, Pastor.

CHILDREN BURNED.

Rolla, Mo., Sept. 7.—Four children, ranging in age from 6 to 11, daughters of Peter Stubblefield, a railroad porter, were burned to death in their home near here to night. The fire is supposed to have originated from an overturned lamp.

REFEREE DISPUTE.

San Francisco, Sept. 7.—Jeffries' friends believe to night in view of the disagreement over his refereeing the Britt-Nelson fight that he will refuse to act as referee. Should this be the outcome of the dispute, Eddie Graney is likely to be chosen.

Read the Journal; 10c per week.

EXERCISES AT
NICHOLS PARK

Notwithstanding Torrenting Skies the Annual Portuguese Picnic Took Place Thursday—Addresses, Athletic Sports and Baseball Game.

The fifty-sixth annual celebration of the arrival of the Portuguese from the Island of Madeira took place at Nichols park Thursday with an appropriate program of exercises. The day dawned inauspicious, but notwithstanding the threatening weather many found their way to the park and in the afternoon a crowd of over 400 people had assembled. It had been planned to have a basket dinner on the lawn, but this had to be abandoned and tables were provided in the spacious pavilion. Most of the athletic events took place in the forenoon, but the afternoon was occupied with the addresses and the baseball game.

The addresses were made from the balcony in the pavilion and in the absence of the president of the association, E. M. Vasconcellos, the secretary, John N. Joaquin, presided.

The program opened with a selection by a double quartet under the leadership of John Day. An eloquent invocation was then pronounced by Rev. E. C. Pires. After another selection by the quartet, Horace H. Baneroff was introduced and delivered an address. The second speaker was the pastor of the Portuguese church of this city, Rev. Roger F. Cressey, who spoke in a forceful and impressive manner, referring to the deep significance of the occasion and of the noble company of pioneers who came to America to find a freedom that was denied them at home, and to enjoy a personal relationship with themselves and the God they devoutly worshiped. The annual report was then read by Mr. Joaquin, secretary of the association. The concluding remarks were made by Rev. D. H. Griggs, who also pronounced the benediction.

An election of officers followed and resulted in the selection of E. M. Vasconcellos, president; John N. Joaquin, secretary, and A. P. Vasconcellos, treasurer.

The first company of Portuguese came to this community from the Island of Madeira in the year 1849 and numbered 350 persons. Other companies arrived from time to time until their descendants now number a large percentage of the population. Almost without exception they have proved a people of thrifty and progressive habits and are to day factors in all branches of the business, political, social and religious life of the city and county. Only fourteen of the original company are now living, several of whom were present at the exercises yesterday. The association under whose auspices the celebration was held is composed of the Portuguese citizens of this city, Bloomington and Springfield, and about thirty were present from the Capital city.

ATHLETIC SPORTS.

The athletic sports and baseball game resulted as follows:

Boys' race (15 years and under)—Won by Carl Smith.

Girls' race (15 years and under)—Beulah Carter.

Standing broad jump—George Stice.

Fat women's race—Mrs. John R. Smith.

Nail driving contest—Mrs. Joseph Estaque.

Men's race (30 to 50 years)—Edward DeFreitas.

Lean women's race—Mrs. Carl Joaquin.

Tug of war, between teams captained by M. L. Hildreth and Newt Angel—Won by Hildreth's team.

Sack race—Arthur Angel.

Free-for-all race—Walter Munis.

The baseball game between teams captained by Walter Vieira and Charles DeFreitas was hotly contested, taking ten innings to decide, and was won by the latter team by a score of 4 to 3. The lineup was as follows:

Vieira's team—Robert Fortado, second base; Arthur Schaub, third base; Joseph Vieira, first base; Vernon Scott, center fielder; Percy Bernandes, left fielder; Joseph Mann, catcher; Joseph Soueza, shortstop; Chester Nunes, pitcher; Walter Vieira, right fielder.

DeFreitas' team—Ed DeFreitas, shortstop; Walter Hellenthal, catcher; John DeFreitas, second base; Tony DeFreitas, third base; P. Cashin, left fielder; Frank Gardner, pitcher; Harvey Vasconcellos, first base; Walter Munis, center fielder; Charles DeFreitas, right fielder.

The score by innings:

1 2 3 4 5 6 7 8 9 10
DeFreitas 0 0 0 0 2 1 0 0 0 1—4
Vieira 0 0 0 0 0 0 0 0 3 0—3

Umpire—Walter DeShara.

Scorer—John M. Vasconcellos.

WANTED—Girls in our wrapping department. Apply immediately. Hoffman Bros.

H. C. Tunison has sold his East College avenue property, which has been his residence, to Charles Robinson. Mr. Tunison will remove to Chicago, where he has had his principal business office for some time.

Rich dark shades in Broadcloths, Venetians, Panamas, Cheviots, Mohairs, Mannish Mixtures, Cloth Suitings, Cravenettes and Rain-Proof Suitings—all wide materials—from 45 to 58 inches in width, and ranging in prices from 50 cents to \$2.50 per yard.

Silks for Street and Evening Wear

This season's silks show a wonderful improvement in texture and finish. They are softer, finer and more lustrous, coming in beautiful plain shades, stylish plaids and fancy designs. We are ready now to show you a very large assortment of qualities and styles in silks suitable for street and evening wear.

The Successful Making of a Fashionable Gown

depends very largely on the trimmings. You may use the finest cloth and the prettiest colors and still you fail to get the result wanted, unless you add a finishing touch of dainty, stylish trimmings such as we have just put on sale. There are braids, gimps, galoons, appliques, passamenteries, spangles, Persian bands and embroideries, allover laces, yokings of muslin de soie and Swiss, and a hundred other new novelties in trimmings for your fall gown.

We would like to show you these goods

It Is Fall Shoes Now

The time is fast approaching when it will be a question of fall and winter footwear. We are receiving daily large shipments of the new and correct ideas in footwear. It is impossible to give an idea of the new styles. We invite a close inspection. You will be convinced of the superiority of the style, workmanship, fitting qualities and wearing ability of our shoes.

John Kelly Shoes

have occupied a prominent place on our shelves for twenty years—they must be good. Patents and dull leather are going to be popular. We will be able to take care of you along these lines in button or lace. If it is the latest and most popular footwear, properly fitted, just come to Hopper's; they always lead.

Blanco for white shoes. Fresh polishes.

THE PUBLIC SCHOOLS

Work Will Soon Begin in Earnest—Prospects for a Large Enrollment—Interview With Superintendent Furr.

These are busy days for Superintendent W. A. Furr of the city schools. The work of organizing for the year is now in full swing and the moving spirit in the work is fortunate if he finds time to eat and sleep. His office is now one of the busiest places in town.

A meeting of the principals of the schools was held Thursday afternoon and the methods of procedure were fully discussed, and the general plan for the year's campaign for education was outlined. All the principals, to the number of seven, were present, and also the three special teachers. Saturday afternoon a general meeting of the teachers of all the grades and the high school will be held.

The registration at the high school began Thursday. There are already enrolled seventy-seven freshmen and forty sophomores. The high school building is crowded from cellar to garret, the only vacant room being the attic. The indications are that the attendance this year will be largely increased over that of last year. The registration will be continued until all are properly cared for. The pupils will meet to be assigned to classes Monday morning, and the regular class work will begin Tuesday morning.

Many students from out of the city are registering in the eighth grade and the high school, and it is thought that the number of these students will be in excess of any previous year. Many families are already moving to the city from the country and nearby towns for the winter, in order that their children may enjoy the advantages of our excellent free school system.

The grade schools will begin their work Tuesday. Registration will begin Monday morning and at its completion the children will be dismissed for the day in order that they may purchase their books and prepare to begin with their classes Tuesday morning. Of course it is impossible to predict how the attendance in the graded schools this year will compare with last year, but the indications are that it will compare favorably with any year in the past.

The fact that there have been no changes in principals during the summer and few changes in the teaching force of the schools is a material aid to Superintendent Furr and simplifies the work he has to do to a considerable extent. It is of prime importance that all students register on the first day of registration, in order that the work may continue uninterrupted when it is once begun. This is the goal sought by teachers in the public schools everywhere, and especially so in this city, where the conditions are always more or less crowded, and each interruption is magnified to a considerable extent.

Wanted—Girls in our wrapping department. Apply immediately. HOFFMAN BROS.

CHOLERA REPORTS. Berlin, Sept. 7.—An official bulletin announces fifteen new cases of cholera and six deaths reported during the twenty-four hours ending at noon to day, making a total of 165 cases and thirty-two deaths.

INDICATIONS.

Washington, Sept. 8.—For Illinois: Partly cloudy Friday and Saturday, with showers in extreme south; light variable winds.

DEATH RECORD

EDDINGS.

Mrs. John Eddings died Thursday afternoon at 3:15 o'clock at Passavant hospital at the age of 35 years.

Mrs. Eddings was a resident of Chandelville and is survived by her husband.

The remains will be taken to Chandelville this morning for interment.

PLEASANT SURPRISE.

Miss Emma Hunter, who will soon move to this city with her parents, was pleasantly surprised at the home of her parents near Sinclair Thursday evening by the Epworth league of Hebron church, of which Miss Hunter is a member, and also being a member of the social committee. The evening was very pleasantly spent in various ways. Several musical selections by Miss Carrie Lucken and Miss Laura Luken and a number of readings by Miss Stella Shuff were greatly enjoyed. Delicious refreshments were served. Much credit for the success of the occasion was due to Arthur Swain, chairman of the social committee, and to Miss Mary Trotter, president of the Epworth league.

DANCING PARTY.

Miss Elson Barnes was the hostess at a delightful dancing party given at the Country club Thursday evening to a company of about forty of her young friends. The occasion proved a most enjoyable one and the decorations of asters and asparagus fern were very pretty indeed. Delicious refreshments were served and the evening was one of marked social pleasure.

Mrs. Julia Roberts, who has been visiting her daughter, Mrs. Josephine Bent, in Oglesby, has returned home.

WON AT GRIGGSVILLE

Local Baseball Team Defeated Pittsfield by Score of 7 to 0 on Neutral Grounds—Game Was for \$50.

In a game of baseball for a purse of \$50 at Griggsville Thursday, Jacksonville again defeated Pittsfield by a score of 7 to 0, this being the fifth time the home boys have claimed a victory from Pittsfield. While the game was a one-sided affair there were times when the spectators in the grand stand were brought to their feet. Only twice was Pittsfield allowed to reach second base and one man got as far as third base, but died there. Jacksonville made four runs in the second inning, two in the sixth and one in the seventh, which ended their scoring. Baker was in the box for Jacksonville and pitched his usual good game, allowing the Pittsfield boys only a few hits. Lyman pitched the game for Pittsfield and the home boys found it an easy matter to meet with the ball. Batteries—Baker and Bell; Lyman and Burbridge.

AT THE GRAND.

Carol Arden in "Polly Primrose" was the attraction at the Grand last evening. An audience of fair proportions was present and was well pleased with the production. Frank Justice as Hugh Carlisle and Carol Arden as Polly Primrose made a great hit and were recalled a number of times. The setting of the play was adequate for its proper production and was in keeping with the period in which the plot is laid—the days of the rebellion.

"The Hoosier Girl" to night.

FOR SALE.

Three Morgan county farms and one Greene county farm, from \$40 to \$100 per acre. Apply to W. T. Dodsworth, Franklin, Ill.

Read the Journal; 10c per week.

MATRIMONIAL

TURKMAN-WEST.

Friends of Harry Turkman and Miss Bessie West will be surprised to learn of their marriage, which took place Sunday, Sept. 3, at Winchester.

Mr. and Mrs. Turkman will reside in this city at 326 South Main-street.

MORRIS-MORRIS.

Milton M. Morris and Mrs. Lena Morris, both of Franklin, were married Thursday afternoon at 1:30 o'clock by Squire B. B. Gray at his office. The groom is a farmer.

CHRISTIAN CHURCH.

The most important business before the Illinois Christian church state convention in Decatur was the report of Field Secretary Jones, showing a record breaking year. There were 3,898 conversions and 3,858 received into membership otherwise. The dismissals, deaths, and losses otherwise amounted to 2,853, leaving a net gain of 4,603. These figures are from 216 churches reporting; 133 churches held revivals with a total of 4,412 additions. There are 35,220 active resident members, 14,120 inactive and non-resident members, a total membership of 49,340. Nearly one hundred thousand dollars was spent in building churches and thirty-nine parsonages were added at a cost of \$7,300. There are 810 churches in the state, with a membership of 91,509 members. The Illinois Missionary society received over \$1,100 from all sources.

ILLINOIS CONSERVATORY OF MUSIC.

Thirty-fourth year opens Sept. 20. Registration days, Sept. 18 and 19. The director, W. B. Olds, will be in his office at Academy hall every morning from 9 to 12, until the 20th.
